Kébol Pre-potted Amaryllis range

Currently we're in the midst of the potted Amaryllis season. Did you know... our growers that grow our bulbs are provided with the Global G.A.P. and GRASS quality marks? This way we can guarantee bulbs of good quality and with flowering guarantee. When the bulbs arrive in the Netherlands, the amaryllis bulbs are kept in the greenhouse for a number of weeks. This way the bulb can root well and become firmly planted in the pot.
