SELECT

For over 35 years our family business has been an expert in producing, preparing, trading, and marketing flower bulbs and perennials.

Colourful packing up your business

Family business since 1989

Since 1989 we've built a business, which today we're very proud of. We currently work with over 29 colleagues at our production site in Rijsenhout. Our core values are:

We are respectful and engaged.

We show respect for each other and for our customers. We work together every day at our sustainable production site in Rijsenhout. In our production site, we develop creative flower bulb concepts and annually export over 75 million flower bulbs and 6 million perennials to more than 40 countries worldwide.

We are transparent and aim for success.

We believe in transparent communication with our customers and with each other, but we are also ambitious. We think proactively about our customers' challenges and work with many stakeholders to pursue success. That is why we are there for each other as partners and as colleagues. Getting a job done on time? That's when we roll up our sleeves right away to meet the deadline.

Focus on quality control

Quality control and working with the best, certified growers in our market. We set high standards for the quality of our bulbs and perennials. To independently monitor and guarantee this quality, Kébol is certified for several quality marks within our market. Our flower bulbs and perennials are exported worldwide, supplied with proper phytosanitary documents and having undergone required inspections.

Our mission

Sharing your passion in horticultural products & concepts

with expertise to grow & show top quality

Amaryllis specialist

Market leader in producing and trading in amaryllises. Creative concept developer for retail, mail order and wholesale.

Chain partner

With more than 35 years of experience, from breeding and cultivating to marketing flower bulbs, we are dialogue partners for the entire chain.

Sustainable operations

Packs of flower bulbs in 100% recyclable & compostable paper, and a sustainable production site equipped, for example, with 392 solar panels (800 m2).

International focus

Exporting more than 75 million flower bulbs and 6 million bare root perennials a year, worldwide to more than 40 countries.

Sustainable locations

At our modern production site we work with a focus on the environment and our surroundings to ensure sustainable operations. With nearly 400 solar panels, we meet almost our own entire energy needs. We also apply sustainable methods for cooling our cold rooms using natural refrigerants. We use the People-Planet-Profit principle as a guideline for making sustainable choices. Every business decision involves weighing the social and economic impacts. This makes us more aware of the impact of our operations. Every small step we take is a contribution to the bigger picture.

Ordering

For best availability for your desired ship, please order early. Shipment dates can only be altered per request through your sales rep.

Our packing process begins on **November 1st**. Order changes can only be made by request through your sales rep after this date.

An acknowledgment will be mailed to you as soon as we have processed your order. All orders are subject to crop conditions. We have a long growing season and many unforeseen problems may occur which can damage crops and thereby reduce the amount of plants available. Every effort is made to fulfill orders, but the availability of a particular variety cannot always be guaranteed until we begin shipping. Therefore, we may have to cancel some items from your order at a later date.

Pot tags

Pot tags now available upon request!

Enrich your assortment by ordering pot tags. These tags stand out with a full-color image of the perennial species on the front, while the back is provided with clear growth instructions in English, specifically intended for the consumer.

Each tag includes full English descriptive information and notes on care and usage.
