Kébol 

Finest * quality * bulbs & plants

Over 35 years of expertise in flower bulbs and bare root perennials

Family business since 1989

Since our establishment, we have been an ambitious and innovative player in the global market for premium-quality flower bulbs and perennials.

We are respectful and engaged

We demonstrate respect for one another and for our customers. Every day, we collaborate at our sustainable production site in Rijnsenhout. Each year, we export our products to over 40 countries worldwide while developing innovative and creative concepts.

We are transparent and aim for success

We believe in transparent communication with our customers, proactively addressing their challenges and collaborating with stakeholders to achieve success. Meeting deadlines is a priority for us, and we are ready to roll up our sleeves to get the job done in time.

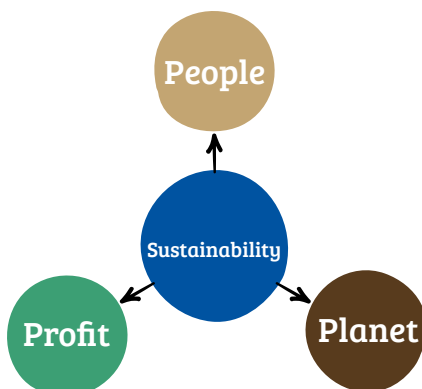

Sustainable locations

At our modern production site, we operate with a strong focus on the environment and our surroundings, ensuring sustainable practices. We make conscious choices to minimize our impact. Every small step we take contributes to the bigger picture of sustainability.

Focus on quality control

We prioritize quality control and collaborate with the best certified growers in our market, setting high standards. To ensure and independently verify this quality, Kébol holds several certifications for key quality marks within the industry. Our products are exported worldwide, always accompanied by the required phytosanitary documents.

Our mission

Sharing your **passion** in horticultural products & concepts with **expertise** to grow & show **top quality**

Our core values

- Respect
- * Engaged
- * Transparency
- * Winning

Amaryllis specialist and market leader in production and trading

Grower of Chan Chan Amaryllis bulbs

With decades of experience in breeding and cultivating amaryllis bulbs, we have established ourselves as specialists in growing and marketing this seasonal product. At our nursery in Peru, we grow the renowned Chan Chan Amaryllis® amaryllis bulbs.

For professional pot plant growers and wholesalers

The Chan Chan Amaryllis bulbs are perfectly suited for professional pot plant growers and wholesalers. Thanks to their early harvest, these bulbs are ready for distribution by early autumn, making them ideal for meeting seasonal demands, such as Christmas and Chinese New Year.

Pre-sprouted bulbs for added value products

We supply Amaryllis bulbs, carefully prepared and tailored to the requested specifications, to companies specializing in the production of added-value products such as floral arrangements.

Availability in early autumn

Ordering

For best availability for your desired ship, please order early. Shipment dates cannot be altered after November 1st, 2026

Our packing process begins on **November 1st**, so no changes to your order can be made after this date. Although we do accept orders after this deadline, the selection will be more limited and some varieties will be unavailable.

An acknowledgment will be mailed to you as soon as we have processed your order. All orders are subject to crop conditions. We have a long growing season and many unforeseen problems may occur which can damage crops and thereby reduce the amount of plants available. Every effort is made to fulfill orders, but the availability of a particular variety cannot always be guaranteed until we begin shipping. Therefore, we may have to cancel some items from your order at a later date.

Please check your orderform for multiple quantities for all products.

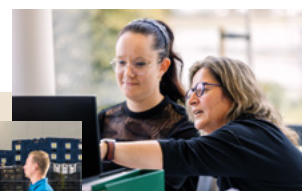

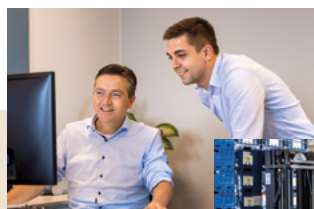

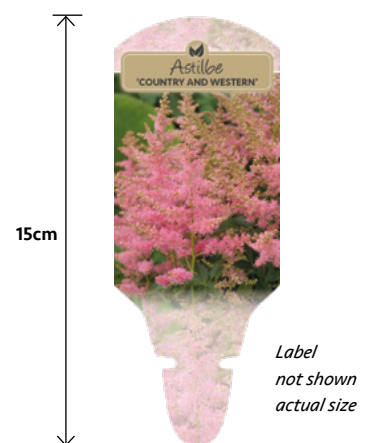

Pot tags

For all catalogue items, **pot tags are only shipped upon request.**

You can request tags for your complete order by checking the relevant box on the order form. Please review the tag costs on your order form. Tags will be attached to the bags with plants.

For the following items the tag multiple is one tag per three corms. Convallaria majalis, Crocosmia and Liatris (except for Kobold and Cobalus).

Each tag includes full English descriptive information and notes on care and usage.

Aconitum (Monkshood) **'fischeri'**

- Shorter plant with spikes of large purple-blue hooded flowers

Aconitum (Monkshood) **'Royal Flush' carmichelli**

- Dark purple/blue hooded flowers above red to green foliage
